

Dear all,

Quick update: The panel is scheduled for Wednesday, 10th July, at 6 PM (UK time). I'll send further details, including the Zoom link, closer to the date. In the meantime, I look forward to hearing from those who haven't confirmed their attendance yet.

Best wishes,

Linda

Dear Doctors

I coordinate our Better Way Today podcast, which runs on a monthly basis. For our coming World Ivermectin Day 2024 on 27th July, we would like to pre-record an expert panel on the use of Ivermectin in the treatment of cancer and would be delighted if you could join us as experts.

Rough running order of expert hearings:

Opening Segment (Duration: 5 minutes)

Introduction to the event and its purpose
Welcome message from host and co-host
Brief overview of the agenda

Main Segment (Duration: 60 - 80 minutes)

All participants will be visible on screen.
The hosts will ask each participant sequentially to present their expertise on the topic (presentation with or without slides of around 10 mins max). The hosts will ask some questions and invite discussion amongst all participants.

Closing Remarks (Duration: 5 minutes)

The length of the event will depend on the number of speakers, so the above timings are only approximate.

My colleague Francesca Havens will be one of the hosts of the event and would be available in the middle of next week. I very much look forward to hearing if you're interested and available to join our zoom session on Wednesday (10th July) or Thursday (11th July) from around 6pm (UK time).

With warm wishes,

Linda Rae
